

The Luxurious Lotus.

Relatively speaking.

The new Europa S combines Lotus' reputation for sublime performance and handling with enhanced levels of refinement. Lotus has ergonomically designed a full leather, air conditioned and noise-insulated cabin. Plus with a larger boot and more compliant ride, longer journeys are a breeze. What Lotus hasn't done is add anything unnecessary, preserving the scintillating performance of 0-100km/h in 5.8 seconds and effortless, perfectly balanced handling. The new Europa S remains a true Lotus. Albeit, a relatively more luxurious one.
