Getaway Car

Make a great escape with the Lotus Exige S.

We don't build cars for everyone. We build them for the passionate few. Those who, like yourself, want to escape the monotony of everyday driving and instead experience the sheer exhilaration of piloting something that is as at home on the track as it is on the road. Presenting the Exige S, an aggressive yet infinitely rewarding car built with real driving in mind. It combines supercharged performance with a kerbweight of 935kg to deliver 0-100km/h in just over 4 seconds, with suspension and brake specifications to match. It's the ultimate machine to get away from it all.
