

The Luxurious Lotus.

Relatively speaking.

The new Europa S introduces an unprecedented level of refinement... for Lotus. The ergonomically designed cabin features leather seats, air-conditioning, dual airbags, and noise insulation. It even has carpet. Plus there's a more compliant ride and room for your weekend luggage to boot. And yet with all this luxury, the car remains a pure Lotus with sublime handling complementing the raw performance of its turbocharged two-litre engine. After all, Lotus cars have always been about balance.
