This resume represents a serious expression of interest for a Bar Manager Role with your hotel group, namely at the ... Hotel.

Being out of the on premise industry for a number of years, I have kept a close affinity with the industry through companies such as Company A and a number of venues around Sydney.

Currently working on contract with xxx as a sponsorship coordinator, I am dealing with both Red Bull and Smirnoff on event activations for all Company A events including, this, that and the other.

I have worked with leading international companies in a marketing capacity such as Company B and Company C and I am currently working for Company D, Australia's second largest Company E franchisee as a Sales and Marketing Coordinator.

This resume demonstrates that I have the experience required to fill this role. The interactive entertainment, FMCG, quick service restaurants and outdoor music events industries have given me a skill set that I can take into any industry with confidence.

I have no difficulty with the MS Office suite, Apple OSX, Adobe Photoshop, Illustrator and Acrobat.

I am extremely well organised and a fast learner. I keep very busy and that is the way I like it.
